

BUILDING BETTER TOWNS

A SERIES OF
TALKS &
WORKSHOPS
THROUGHOUT
APRIL

JOIN US FOR A SERIES OF EVENTS TO HELP CREATE SUSTAINABLE AND VIBRANT TOWNS.

Guest Speakers include:

Chris Sands (from UK) is a designer, marketer and branding expert. He is the creator of the free, multi-award winning **Totally Locally Town Kit**, which is now used in over 50 towns in the UK & has spread to France, USA, Austria, Australia & New Zealand and has had a big impact on local economies.

Chris has created campaigns for many big organisations, arts & music companies and businesses. He has also delivered place branding for educational organisations and regions of the UK.

He has spoken at conferences and conducted workshops on engaging communities, branding, place making, town regeneration and sense of place.

Craig Grocke, RDA Barossa, is a Place Management Researcher and Practitioner.

Maz McGann has many years experience in community and cultural development, and provides insight into how creativity and the arts can enhance communities and support growth and sustainability. Maz has worked both locally and nationally, managing and developing festivals and events, strategic and cultural planning, exhibitions, and sector growth and collective marketing initiatives.

Talks will be informal, fun and maybe a bit radical!
